President's Message

On behalf of myself & the Board
I wish to extend to all members
GREETINGS FOR CHRISTMAS AND THE NEW
YEAR.

Now is the time of year for every
Camera Fan to be planning Holiday
photographs. During the holidays you'll
have many opportunities to take pictures of
your family and friends.

Many of these photographs may be just record
pictures, but with a little extra thought and
care, some of them could be competition photo-
graphs, to be used in the New Year.

FINDINGS by the EDGJOR

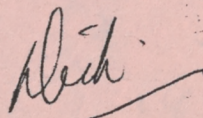

WHY IS A CAMERA CLUB?

Now there's a good question; Why Is A Camera Club? Sounds like a silly question, says you, everyone knows why a camera club exists. Perhaps, say I, but do we all have the same idea? No, say I, we certainly don't. Some think that a camera club operates for the purpose of TEACHING photography. Well, isn't it? says you. Nothing could be farther from the truth, say I; certainly you join a camera club to learn something about photography but there are schools to give courses.

Well, says you, what IS a camera club for? For many reasons say I, and all good ones. How many ideas have you picked up just talking to other members? How much information have you received from lectures and demonstrations? How about the chances you get to do Community Service? And sometimes for money too. And Print Competitions and Criticisms, Where else could you get this service? And, the Social and Fellowship side of the question, how about that? And you have access to the Club Library.

Gee, says you, I never thought of it that way, and we get all this for just ten bucks a year.

NUFF SED!!!

NOTE

If the above should sound familiar to some members it because it is a reprint of an article from last year which your Editor thought worthy of 2 reprinting.

Due to the fact that our local PSA representative is in the throes of moving he was unable to submit his usual message for this month. Next month he will be back with more valuable advice and information.

Editor

We welcome two more new members into the Club this month and again congratulate Bill Jones, Membership Chairman. Remember that it is up to you to greet these new members and make them welcome.
